REPTILE HUNTER SUPER THROW NET

5 YEARS
AND UP

THE ULTIMATE CATCH AND RELEASE! The Reptile Hunter's SUPER THROW NET is a whopping 3' in diameter! Its weighted rope frame allows the net to expand when thrown then conform to the contours of the terrain wherever it lands. Catch creatures in the field, large and small. Lizards or frogs. It's made of sturdy rip-stop nylon and a fine, lightweight breathable mesh net. It works wet or dry and collapses to small size for storage. Take this net whenever you venture into the field!

CONTAINS

- 1 SUPER THROW NET
- 1 IRON-ON PATCH
- 1 POP-UP FIELD GUIDE

USING THE SUPER THROW NET

- Your Super Throw Net can be used to catch large or small creatures in the field, like lizards and frogs. The weighted rope frame expands when thrown, then adapts to fit any surface it lands on.
- Using both hands, grasp the rope edge spacing them approximately 18" – 24" inches apart on the rope.
- Place your left foot forward and angled about 45 degrees to the right of your target.
- Place your right foot about shoulder-width apart from your left foot.
- Rotate your arms back to the right and shift your weight to your right foot.
- As you spin your arms forward, extend your arms and sling the net toward your target. Your weight will naturally shift back to your left foot.
- IF YOU ARE LEFT-HANDED: place your right foot forward and angled about 45 degrees to the left of your target. Place your left foot about shoulder-width apart from your right foot. Rotate your arms back to the left and shift your weight to your left foot. As you spin your arms forward, extend your arms and sling the net toward your target. Your weight will naturally shift back to your right foot.
- Helpful hint: The throwing style for the Super Throw Net is very similar to throwing a Frisbee®, but you're using both hands to keep the net extended before you release it. Continue practicing your throw until you've got the hang of it and can expertly capture your prey!
- If you see a critter perched on a bush or rock, you can also simply drop the Super Throw Net on top and gently scoop him up!

FEATURES

- 3 foot diameter ring
- Flexible, weighted rope perimeter
- Fine, breathable mesh net
- Sturdy rip-stop nylon construction
- Works wet or dry
- Collapses to a small size for easy storage

CARING FOR THE SUPER THROW NET

- Occasionally wipe the Throw Net with a damp cloth to keep it clean and looking new.
- Use under normal and safe play conditions only.
- When not in use, store the Throw Net in a clean, dry area and do not leave it exposed to the elements.
- Occasionally, after use, inspect the net before putting it away.
- Remember, if you follow the instructions and keep the Throw Net clean, it will provide you with tons of fun.

⚠ CAUTION, SAFETY AND CARE

- Do not leave your Throw Net outside or exposed to the elements.
- Do not use the Throw Net on household animals. The Throw Net is not to be used to chase your pets or people around the house.
- Do not try to pick up other objects with the Throw Net. This toy is intended only to be used to catch creatures in the field, large and small. Lizards, mice, frogs, bugs, insects etc. Trying to pick up other objects may tear the net.
- DO NOT USE THE THROW NET TO COLLECT HORNETS, BEES OR WASPS!
- DO NOT USE THE THROW NET TO CAPTURE BIRDS, SQUIRELLS OR ANY OTHER LARGE ANIMALS!
- DO NOT USE THE THROW NET TO DISTURB BIRD'S NESTS OR HIVES OF ANY KIND, ANT MOUNDS OR THE HOME OF ANY ANIMAL.
- Do not catch any insect/bug that may bite or sting if frightened.
- Be careful of sharp branches and twigs that may rip or tear the netting.
- Do not use the Throw Net if the net is torn or ripped
- WE RECOMMEND USING THE THROW NET OUTDOORS!
- Lastly, remember you are using the Throw Net to explore & learn about living creatures in nature. The Throw Net is not to be used to harm or injure any living thing. If you do keep the things you catch, make sure to place them in a proper, food and air filled container where they can be safe OR look, learn and then let them go safely back where you found them.
- Be very gentle when handling animals. Never harm them in any way. Remember, it is your responsibility to use the Throw Net properly. Always respect nature.
