Bug Scope

Bug Scope Instructions

USING THE BUG SCOPE

- Find an insect that you would like to view.
- Put the Bug Scope on top of the bug to trap it in the chamber.
- Look into the viewing area to view the bug.
- Turn light on for better viewing day or night.

CARING FOR THE BUG SCOPE

Keep the Bug Scope clean and dry. If it gets wet, wipe it dry immediately. Handle the Bug Scope carefully and do not drop it. Occasionally wipe it with a damp cloth to keep it clean.

CHANGING THE BATTERIES

The Bug Scope requires 1 "AAA" size battery. We recommend using only alkaline batteries. Never use rechargeable batteries.

Follow these steps

1. Remove battery cover by loosening the screw on the handle.
2. Remove the old batteries then put the new batteries into the compartment as indicated by the polarity symbols (+ and -) as marked inside.
3. Replace the cover and tighten the screw.

Caution:

1. Only adults should replace batteries.
2. Replace the batteries when the Bug Scope stops operating properly.
3. Do not mix old and new batteries or different types of batteries. Do not mix alkaline, standard (carbon-zinc) or rechargeable (nickel-cadmium) batteries.
4. Use only fresh batteries of the required size and recommended type.
5. Dispose of old batteries promptly and properly. Do not bury or burn old batteries.
6. If you do not plan to use your Bug Scope for several weeks, remove the batteries. Batteries can leak chemicals that can harm electronic parts.
7. Rechargeable batteries are to be removed from the toy before being charged.
8. Rechargeable batteries are only to be charged under adult supervision.
9. Different types of batteries or new and used batteries are not to be mixed.
10. Non-rechargeable batteries are not to be recharged.
11. Remove exhausted batteries from the toy.
12. The supply terminals are not to be short-circuited.
13. Only the recommended batteries or equivalent are to be used.
14. Remove exhausted batteries from the product.
15. Do not use rechargeable batteries.
16. The battery installed in this product is for demonstration purpose only and the manufacturer makes no warranty as to the battery life.
17. Batteries are to be inserted with correct polarity.
